Baking Day, at Grandma's, Baking Day	<i>(Wave arms above head)</i>
Head on out to Grandma's house because it's baking day!	<i>(Walk in place with arms swinging)</i>
Head on out to Grandma's house because it's baking day!	
Big and Round, my pan is Big and Round	<i>(Hold arms in front of you, making a big, round circle)</i>
When I hit my big, round pan it makes a big round sound.	<i>(Clap hands together)</i>
When I hit my big, round pan it makes a big round sound.	
Spoon to stir, I've got my, Spoon to stir	<i>(Stir in large circles in front of you)</i>
Tap off the batter and this is what I hear	<i>(Tap-tap-tap on the floor several times)</i>
Tap off the batter and this is what I hear	
Measuring spoons, measuring spoons	<i>(Shake imaginary measuring spoons into batter)</i>
Just to measure small amounts, I've got my measuring spoons	<i>(Show small amount with your fingers)</i>
Just to measure small amounts, I've got my measuring spoons	
Baking Day, at Grandma's, Baking Day	<i>(Wave arms above head)</i>
Head on out to Grandma's house because it's baking day!	<i>(Walk in place with arms swinging)</i>
Head on out to Grandma's house because it's baking day!

** To view a video demo of these movements using a mixing spoon prop, go to:

Alternate movement option:

Set up baskets or handled, paper grocery bags of various sets of "supplies" around the room:

- 1. Large flat pizza pans or plastic bowls for "Big, round pans"*
- 2. Set of wooden spoons for "Spoon to stir"*
- 3. Sets of measuring spoons on circles for shaking*

Move from one to the other as the song progresses. Make a marching Baking Day Parade with all the supplies.

Prop idea:

Gather kitchen props such as pots, pans, bowls, mixing spoons, plastic containers full of sprinkles, etc. and use these as "instruments" to play and dance along to the song.
